**MODEL 5951** Long Stamp, Insulated

- 2" thick door sections offer the durability of tough 25-gauge draw quality steel in a pan-type product
- Extra heavy paint system<sup>1</sup>: **Models 5250/5251** and **5950/5951** are available in white, almond, desert tan or sandstone
- **Models 5251** and **5951** include 1-3/8" CFC<sup>5</sup> free polystyrene insulation, with a vinyl back cover
- Long-lasting durable rollers assure consistent, efficient operation
- One set of Spade decorative hardware is standard for all doors. Optional Barcelona<sup>2</sup> or Wrought Iron designs replicate an old-world look
- Exterior decorative hardware includes 4 hinges, 2 handles and pop rivets for mounting to face
- 1/8" glazing options include plain DSB<sup>6</sup>, glue chip and tinted glass with five optional insert designs
- Inside stiles are made of galvanized steel and stile holes are "dimpled" for increased holding power
- **Models 5251** and **5951** R-value: 7.94

For additional information, please see numbered footnotes on backside.

While maintaining the elegant appearance of our premier models, these all-steel Carriage House doors perfectly combine the beauty and charm of a traditional wood carriage house door with the durability and value of a pan-style door. The 5250/5950 models are deeply embossed with a wood grain finish, available in a variety of colors, and have several window options to choose from. Decorative handles and hinges are standard, and can be upgraded to wrought iron for a truly old-world look that will compliment your home perfectly.

Wind can be unpredictable and destructive. This is why C.H.I. Windbreaker Series and iSeries doors are designed, tested, and built to the most rugged specifications. Wind chamber tested to ensure wind-load resistance, these extra-sturdy designs provide enhanced defense against the elements.

C.H.I. Overhead Doors developed the resilient Windbreaker Series garage doors to protect against high wind conditions. The super-resilient C.H.I. iSeries Impact Approved doors have strength designed to withstand direct collision of projectiles and other windborne debris at high speeds.

COLOR SELECTIONS <sup>3</sup>

### FOOTNOTES

1. Extra heavy paint system consists of .25 mil. primer with rust inhibitor and a .75 mil. coating of baked-on polyester paint.
2. All designer lights are either transparent or semi-transparent. For all available window options, please see our Glass Option Brochure, or visit your C.H.I. Overhead Doors Distributor.
3. Refer to samples at your local C.H.I. Overhead Doors Distributor for exact color match.
4. Barcelona hardware options include handles or pull-rings and hinges or corner brackets. Pull-rings and corner brackets are an additional charge.
5. Chlorofluorocarbon (CFC) free.
6. Double Strength B-grade (DSB) glass.

### DOOR CONSTRUCTION

These models utilize 25-gauge exterior steel skin with 1-3/8" thick CFC<sup>5</sup> free polystyrene foam insulation with a vinyl back cover. Steel end and intermediate stiles are held firmly in place by a tab-loc system, creating increased strength and rigidity.

5251/5951 .....R-value - 7.94
